

Course Information

- Required for: GG, Graduate Coloured Stones Diplomas
- Through extensive hands-on practice using gemstones, you will explore grading the colour, clarity, and cut quality of a wide range of coloured stones.
- Coursework includes the study of the GIA Coloured Stone Grading System;
- How to describe colour by hue, tone, and saturation;
- How to judge gem quality factors.
- Topics also include the relationship between light and colour and developing colour memory.
- Study of this content can improve the consistency and accuracy of coloured stone grading skills.
- Once you have completed the class, you can keep a lab manual, a gem cloth, and a colour grading card.
