

Diamond Polishing Course

Course Overview

The Diamond Polishing Course is a comprehensive, hands-on programme conducted in a professional factory-style environment. Learners are trained in the full process of polishing a **Round Brilliant Cut diamond**, using real natural stones and industry-standard equipment.

The course builds technical skill, discipline, and precision—ensuring every learner is able to polish a diamond to recognised international manufacturing standards with accuracy and confidence.

What You Will Learn

Throughout the programme, learners gain mastery in:

Practical Polishing Skills

- Using polishing benches, tangs, scaifes, and factory tools
- Controlling symmetry, proportion, and finish on a Round Brilliant Cut
- Understanding angles, facets, meet points, and polishing sequence
- Managing heat, pressure, and accuracy during polishing
- Identifying polishing errors and correcting them effectively

Diamond Knowledge

- Key characteristics that influence the polishing plan
- Understanding grain structure, tension, inclusions, and how they affect polishing
- Making informed decisions before starting a stone
- Working safely with natural diamonds in a manufacturing environment

All tools and equipment required are provided for use during training (remain the school's property). Learners work on **real natural diamonds**, ensuring true industry-level experience.
